

Hospitality Collection 2020

Chilewich brings depth to surfaces.

Reimagining the potential of extruded yarns, New York designer Sandy Chilewich introduced her woven textiles to the international design community in 2000. The innovative placemats, runners, tray liners, and custom table coverings soon replaced the generic tablecloth that once defined fine dining, transforming how restaurants and hotels around the world set their tables.

Today the design-led, family-owned company's unique coverings for tabletops, floors, and more continue to push the boundaries of form and function. Designed and made almost entirely in the United States, the ever-evolving collection combines innovative weaves and distinctive colors with extraordinary durability and easy maintenance.

Product Information

TerraStrand®

- TerraStrand, the proprietary name of our yarn, is 100% phthalate-free.
- TerraStrand contains 25% renewable vegetable content.
- TerraStrand is used in over 90% of our woven products.
- Every square yard of TerraStrand saves 0.02 gallons of petroleum and 0.41 pounds of CO₂ as compared to conventional woven vinyls.

Chilewich is committed to continuous improvement, both in product and in process. Among our most significant environmental advancements is discontinuing the use of petroleum-based plasticizers that are typically used to soften PVC yarns and replacing them with phthalate-free, renewable vegetable compounds. We call these innovative yarns TerraStrand. Almost all of our woven products are now made with TerraStrand.

Unlike many tabletop products, Chilewich textiles can be easily washed with just water and biodegradable detergents, helping to reduce energy expenditures and laundering costs while maintaining a unique, elegant aesthetic.

100% of our woven textile placemats and floor mats are made in the USA, and finished in our own facility in the USA. Our quality, sustainability, and original design set us apart from all others.

The Chilewich® Collection is made in the USA with the following exceptions: Bloom, Dahlia, Kaleidoscope, and Petal made in Taiwan.

Our woven vinyl products also contain Microban® antimicrobial protection. This is particularly beneficial for the home and hospitality markets. Microban® works continuously for the lifetime of the product to inhibit the growth of stain-and odor-causing bacteria, mold and mildew. Chilewich fabrics are covered by the GreenGuard® program certified by the GreenGuard® Environmental Institute, which protects human health and quality of life through the reduction of chemical exposure and improved indoor air quality.

HEALTH PRODUCT DECLARATION® VERIFIED
Increased transparency through accurate and consistent disclosure of product content and its associated health information.

PROTECTING ORIGINAL DESIGN ACROSS NORTH AMERICA.
Chilewich is pleased to participate in Be Original Americas: an association of like-minded brands, consumers, design professionals, educators, and institutions who recognize the importance of original design and are committed to the protection of its consumers and authors.

At Chilewich, we are passionate about offering something new, whether a novel application, an innovative process, a repurposed technique, or a fresh juxtaposition of textures and colors. Sandy Chilewich works closely with the Chilewich design team to continually explore new materials and manufacturing techniques while combining beauty with functionality.

Chilewich prides itself on originality. We specialize in the design and manufacture of woven vinyl textile products for both residential and commercial use. Vinyl is extremely durable, easy to maintain, and provides us with endless creative possibilities.

Care Instructions

Woven Placemats and Runners

Be sure to store Chilewich placemats flat. Do not fold or allow to crease. Chilewich placemats and runners are easily cleaned by wiping with soap and water or standard tabletop antibacterial cleanser. A high-temperature sanitizer can be used up to once a week. We do not recommend running placemats or runners through a dishwasher. Do not iron or dry with a heated dryer.

Lighter colors may be more susceptible to staining agents such as tomato, chili, and certain spices. Please consider this when making your selection. Wash such stains immediately to avoid permanent damage or discoloration. Should a stubborn stain occur, woven vinyl is very durable and can withstand aggressive scrubbing with a soft bristle brush and a bleach-based cleaner. This will remove the stain without altering the fabric.

SPECIAL CARE INSTRUCTIONS:
Tuxedo Stripe is a more delicate weave that should not be aggressively scrubbed.

Pressed

Bloom, Dahlia, Kaleidoscope, and Petal (metallic colors only) should only be cleaned with warm water, mild soap, and a clean soft sponge or cloth. Do not aggressively scrub. Rinse well and air dry. **DO NOT USE CLEANING PRODUCTS THAT CONTAIN BLEACH, AMMONIA, OR HOUSEHOLD ALCOHOL.** To sanitize, wipe with white vinegar and a clean soft sponge or clean cloth.

Felt-backed Coasters

To clean, simply wipe with soap, water, and a soft sponge/cloth.

Worktop

Wipe face of Worktop with damp cloth, using mild detergent as needed. If heavily soiled, rinse with water and allow to dry. Blot spills quickly. Should a stubborn stain occur, scrub stain with soft brush after treating with spot cleaner. Air dry thoroughly.

Woven Floor Mats

Best suited to dry surfaces. Vacuum or mop face of mat to clean. Air dry thoroughly. Occasionally lift and air out.

Indoor/Outdoor Shag Utility Mats

Vacuum, shake out, or hose off to clean. Hang to dry. Occasionally lift and air out.

Complete care instructions can be found at maintenance.chilewich.com
